ABOUT HERITAGE COLLEGE & SEMINARY

The mission of Heritage is to glorify God by partnering with churches and para-church organizations in providing a biblically based education, equipping people for life and ministry in the church and in the world.

Mission Statement

The mission of Heritage Baptist College is to provide an evangelical, faith-based, university-level education to equip students for life and service in the church, community, and the world.

Philosophy of Education

Our philosophy of education is based upon the conviction that faith and knowledge are not mutually exclusive spheres. The pursuit of truth in all fields is the pursuit of knowledge that has been established by the God of creation.

We believe that God through Jesus Christ has revealed himself in this world and, more specifically, in the written revelation of the Bible which is our final authority in matters of faith and practice. The search for truth is thus not restricted to the Bible but is guided and bounded by an understanding of humanity as a created race that is fallen and in need of redemptive transformation. The Bible provides the integrating factor for life and a worldview that enables individuals to make sense of their knowledge and experiences.

Our educational curriculum is designed to nurture the whole person and thus encompasses studies in the humanities and liberal arts, Bible and theology, and professional studies. We view learning as the cooperative process of faculty guidance and student self-directed study applied both in the classroom and in the crucible of life. Knowledge gained should be knowledge applied and thus students are encouraged and taught to begin using their lives for service and ministry to others.

We believe that each individual life has been created to live in community. We share responsibility to and for each other. Heritage is a learning and life community based not upon hierarchy but upon mutual commitment, respect, and commitment to the pursuit of excellence.

While Heritage's programs are designed to equip students for service in the mission of God's Kingdom, a Heritage education is designed to be a holistic education in which the student is assisted to develop spiritually, physically, socially, intellectually, emotionally, culturally, professionally, and aesthetically.

Our Identity

1. Our Mandate

We are committed to the integration of faith and learning for the purpose of preparing our students to serve the church locally and globally, fulfilling the Great Commission. To that end, our programs provide curricula focused on spiritual formation, a biblical foundation, theological integration, ministry and leadership preparation, critical evaluation, and effective communication.

2. Our Denominational Affiliation

Heritage College & Seminary is an agency of The Fellowship of Evangelical Baptist Churches in Canada (Central Region), whose churches we serve along with other like-minded evangelical churches, organizations, and denominations.

3. Our Epistemology

We are committed to the absolute, propositional truth of God that exists and can be known objectively. We are committed to the pursuit of sound doctrine, not simply through the transfer of knowledge from professor to student, but also through Christian life experience and spiritual growth which occur in the context of community.

4. Our Hermeneutic

We are committed to the plenary, verbal inspiration of the Bible as God's inerrant, infallible Word as the basis for all we do and teach, our interpretation and understanding of which is rooted in discovering the original author's intended meaning, taking into account the grammatical structure of the text, the historical and cultural meaning of the words at the time they were written, and their literary genre and context, all with a view to ascertaining the theological truth of the passage.

5. Our Ecclesiology

We are committed to the headship of the church under Jesus Christ and the mandate of the church to make disciples, equipping them for ministry and growing them spiritually. We are committed to developing men and women to their full potential to serve Christ in the various ministries of the church. We affirm that the distinctive leadership role assigned to elders (which includes any pastor serving as an elder) is reserved for biblically qualified men on the basis of creation, the fall, and redemption.

6. Our Cultural Relevance

We are committed to being a community of faith that is relevant to our culture but not so affected by it that it compromises our Christian behaviour, beliefs, or message. In our culture, we are committed to the accurate, relevant proclamation of the one true Gospel of Jesus Christ and to the practical expression of Christian love, justice, and mercy.

Doctrinal Statement

The Scriptures

We believe the Bible, consisting of the sixty-six books of the Old and New Testaments, is the inspired Word of God, without error as originally written, and the final authority for all Christian faith and life. 2 Timothy 3:16; 2 Peter 1:19–21.

God

We believe in one living and true God who is the creator and sustainer of all things, sovereign, eternal, holy, perfect, and infinite. He exists in three equal persons: Father, Son, and Holy Spirit. Psalm 102:25–27; Matthew 28:19

The Father

We believe that God the Father has laid down a plan for the ages and is working all things together to fulfill that plan. The primary relationship of God to his people is one of fatherhood, a relationship of intimacy and care, and one which gives his people assurance of his providential control of all circumstances. 1 Corinthians 8:5–6; Ephesians 1:3–12

The Son

We believe that Jesus Christ, the Son of God, is true God and true man. He existed eternally with the Father, became incarnate through conception by the Holy Spirit, was born of the virgin Mary, lived a sinless life, and died as a vicarious atonement for sin. He arose bodily from the dead, and ascended into heaven where he serves as high priest and advocate for his people. John 1:1–14; 1 Timothy 2:5–6

The Holy Spirit

We believe that God the Holy Spirit extends the ministry of Christ by applying the benefits of his work to believers. All believers are baptized in and indwelt by the Holy Spirit at conversion. The Spirit continues his work in believers by assuring, motivating and empowering to godly living, and enabling for service. The Spirit works in unbelievers by convincing them of sin, righteousness, and judgment. He is the agent of regeneration. John 14:16–17; John 16:8–11; 1 Corinthians 12:3–13

Angels

We believe that God created an innumerable group of spirit-beings known as angels. Satan led some of these angels in a revolt against God, while others remained faithful. Throughout history, Satan and his angelic forces have engaged in a cosmic battle against God, his people, and the remaining good angels. The Lord Jesus Christ defeated Satan on the cross; yet, there awaits a future day when Christ will finally banish Satan and his followers to the Lake of Fire. John 8:44; Revelation 20:10

Humanity

We believe that God created the human race in his image, to rule the earth, and to enjoy fellowship with him. Although originally perfect, the first man, Adam, sinned against his creator in an act of rebellion and disobedience. As a result of his sin, the entire human race is alienated from God, condemned to spiritual and physical death, and helpless to establish reconciliation. Genesis 1:27; Romans 5:12–19

Salvation

We believe that salvation is a free gift of God's grace involving regeneration, reconciliation, justification by faith, and forgiveness for sin. Salvation has its origin in the will of God the Father and the work of Christ, its means of reception in the response of repentance and faith on the part of the believer, its assurance in the perseverance of a Spirit-led life, and its goal in the enjoyment of life in God's presence forever. All those who are regenerate will be kept by the power of God in a state of grace and will inherit final salvation. John 1:12, 3:16; Ephesians 2:8–9

The Church

We believe that the church is a community of believers who are united together before God for the purpose of worship, mutual edification, caring, evangelism, and social action.

The church practices two ordinances: Baptism, the immersion of a believer in water as an act of identification with Christ; and The Lord's Table, the partaking of the bread and the cup by believers as a celebration of the benefits of Christ's sacrifice.

The church is the body of Christ and under his headship is self-governing. The scriptural officers of the church are: pastors (overseers, elders), whose primary function is shepherding, leading, and teaching; and deacons, whose primary function is to facilitate the ministry of the believing community.

The church demonstrates unity and good stewardship when genuine believers within the body of Christ work together in achieving shared goals. Such cooperation is especially possible in activities where the distinctive beliefs of each tradition may be maintained with honour and integrity. The church must take an equally strong stand of disassociation from apostasy. This conviction is to be practiced in balance and with an attitude of humility and compassion. Acts 2:41–47; Ephesians 5:25–27; 1 Timothy 3:1–13; 1 Corinthians 11:25–28; Matthew 28:19–20

Christian Life

We believe that every Christian, by the aid of the Holy Spirit, should walk in love and holiness, exhibiting qualities of honesty, integrity, forgiveness, and loving kindness. Achievement in these characteristics will be evidenced by sincere humility and genuine desire for the advancement of the cause of Christ. Galatians 5:22–25; Ephesians 5:15–20

Future Things

We believe in the personal and bodily return of the Lord Jesus Christ who will judge both the living and resurrected dead. The righteous will inherit eternal blessedness, and the unrighteous will receive eternal conscious punishment. The future will bring the complete fulfillment of God's promise and the ultimate realization of Christ's majestic, glorious kingdom of peace and righteousness. The culmination of history is life with God and Christ in the new heavens and new earth. Daniel 12:2; John 5:28–29; Revelation 20–22

HISTORY

The roots of Heritage are deeply embedded in the history of two former schools, Central Baptist Seminary and Bible College (CBS), and London Baptist Bible College and London Baptist Seminary (LBBC & LBS).

CBS began in 1949 in Toronto and provided undergraduate and graduate theological education until the mid-1980s, after which time it existed solely as a seminary. CBS served primarily the Fellowship Baptist movement in Canada.

LBS began in 1976 in London, Ontario. The school provided undergraduate and graduate theological education and served a variety of baptistic church groups. In 1981, the school's name changed to London Baptist Bible College and London Baptist Seminary (LBBC & LBS).

LBBC & LBS and CBS amalgamated and adopted the name Heritage Baptist College and Heritage Theological Seminary. Classes at Heritage began in September 1993 in London, Toronto, and Bracebridge.

On August 8, 1995, Heritage moved to Cambridge, Ontario. As noted in this catalogue, we continue to provide undergraduate and graduate theological education.

Presently, Heritage has over 2300 alumni ministering around the world. In November of 2010, Heritage entered into an affiliation agreement with the Central Region of the Fellowship of Evangelical Baptist Churches in Canada in order to strengthen the school's ability to train leaders for ministry both locally and internationally in the denomination. It remains the goal of Heritage to continue to serve all groups and individuals who view Heritage as a place where they can learn, grow, and be prepared for life and ministry for God's church and kingdom.

AFFILIATIONS

Heritage College & Seminary is affiliated with The Fellowship of Evangelical Baptist Churches in Canada (Central Region), whose churches we serve along with other like-minded evangelical churches, organizations, and denominations.

STUDENT LIFE

In harmony with the stated mission and goals of Heritage College & Seminary, the Student Services Department seeks to encourage, support, and challenge students to develop appropriate personal independence and a sense of unity as they relate to the larger Heritage community. We will provide adequate and genuine individual and community care in order to foster healthy relationships, lifestyle choices, and maturation in Christ. We work together with the faculty and staff, in the common task of helping students integrate their faith, learning, and living. We are here to foster and build a Christian community and we do this through the variety of programs and activities we offer. These are designed to complement the educational mission of both the College and Seminary.

Activities

Structured

Student Council plans regular social events for students including ways to engage in local outreach and mission opportunities. Besides these all-college activities, various small groups provide the opportunity to develop deeper relationships with fellow students.

Unstructured

The Cambridge/Kitchener/Waterloo area provides ready access to a full range of musical, dramatic, and artistic events. Sites as diverse as the Toronto Rogers Centre and the Stratford Shakespeare Festival theatres are within an easy drive of Heritage.

Athletics

Heritage offers the possibility of participating in various leagues in addition to intramural programs and annual sports challenges. These may change on an annual basis. Our facilities include a full-size gym with a cushioned hardwood floor, and a fitness room.

Christian and Community Commitment

One of the main purposes of Heritage is to encourage the development of Christian character. We want to reflect our personal commitment to Jesus Christ in our lives and actions. Students applying to Heritage declare both a commitment of faith and a commitment to live and grow within a community of believers. To that end, the College has developed a Community Covenant. From this covenant flow the policies and rules contained in our Student Handbook. Excerpts from this handbook will be included with application forms so that each prospective student may make a conscious and informed choice before joining us at Heritage. The text of that covenant is as follows.

Heritage Community Covenant on Lifestyle and Conduct

Introduction

Heritage has prepared the following statement so that students may have guidance and training in the scriptural principles that are to shape the life of the Christian and so that we may live lives of integrity within the context of a vital community. The initial statement is followed by a personal covenant by which each individual pledges before God and this community his or her decision to lead a life dedicated to God as exemplified by the specifics of the three core commitments.

Each individual who chooses to attend Heritage does so with the understanding that this covenant will apply during each term in which he or she is enrolled in studies. In addition, each person is asked to consider how the guidelines and statutes of this covenant might apply throughout one's entire life.

In many cases, aspects of the commitments listed below overlap. Each of the three headings were intended to capture some part of what it means to be a Christian in the Heritage community and together they reinforce our understanding of how to integrate our faith with our lives. Issues not covered below, but which are matters of community, academic, or lifestyle concern, are contained in the Student Handbook, the College Catalogue, or published statements of policy and practice.

The covenant, and any guidelines which interpret it, is your commitment to the values and purposes of the institution and the community. If at any time you find yourself in disagreement with those values, you are charged to seek resolution of your concerns or a new place of study more in keeping with your beliefs.

I have chosen to enroll at Heritage and I covenant to affirm and practice the following statement and commitments:

Community Statement on Lifestyle and Conduct

We believe that the Bible is our authority in matters of faith and practice and that we are able to interpret it in a manner that supplies specific guidance for our lives. We believe that the Bible clearly states that there are standards of ultimate truth and morality that are to guide our conduct. We further believe that, in matters not clearly defined, we are to submit our actions and attitudes to general biblical principles interpreted in light of both personal conscience and community responsibility.

We believe that a student is called of God. We further hold that, as a student, one must make specific personal commitments to the academic and community life of the institution to which she or he is called. We list these commitments below.

Personal Commitments

A Commitment to Discipleship

I believe that each person who claims the name “Christian” is called to become a disciple of Christ. This means a commitment to continual learning and growing in knowledge and faith. It calls me to maintain an attitude of humility and teachability. I agree to a:

- Commitment to local church worship and participation
- Commitment to participation in official community times of worship as defined and structured by Heritage
- Commitment to spiritual growth within my life, including the disciplines of personal prayer and the reading of Scripture
- Commitment to honest effort in the pursuit of academic studies
- Commitment to developing a good witness to my friends, my family, my neighbours, and to the broader secular world
- Commitment to seeing the biblical principles of justice and mercy applied to our world in a practical manner
- Commitment to care for my physical body
- Commitment to submit to appropriate authority

A Commitment to Integrity

I believe that the life of a disciple of Christ is to be marked by a unity of knowledge, belief, and action, and that an education that is truly Christian has implications for every aspect of my life. As such I make a:

- Commitment to careful stewardship of my time and my resources
- Commitment to academic honesty
- Commitment to discernment in my choices of entertainment and to the application of biblical values to my leisure time activities
- Commitment to discernment in employment and to the selection of employment in which God may be honoured
- Commitment to the laws, which govern us unless such laws conflict with my personal conscience. In such a case I will be ready to acknowledge openly any non-adherence to the law and I will be prepared to accept fully the consequences of my stand
- Commitment to maintain the biblical design for purity in matters of human sexuality
- Commitment to the training and exercise of my personal conscience

A Commitment to Community

I believe that I am part of a gathered community of Christians and that I am to uphold standards of right relationship, mutual support, and mutual teaching as a part of this “body of Christ.” I hold that the believer is to think first of the needs of others and of responsibilities to the community before claiming personal rights. I believe that community is built upon a commitment to others, upon an openness to hear and consider the ideas and practices of others in light of the truth of Christ, and upon submission to biblical instructions. I agree to a:

- Commitment to join in appropriate community activities, both formal and informal, which will enhance my relationships with my ‘sisters and brothers’ in Christ
- Commitment to giving and receiving appropriate spiritual guidance and correction and to accepting and upholding the institution’s official disciplinary and restorative procedures
- Commitment to upholding the lifestyle guidelines contained in the Student Handbook
- Commitment to personal speech and action which upholds the dignity of persons, including issues related to race, gender, theological or philosophical persuasion, and physical or psychological characteristics
- Commitment to the development and maintenance of right attitudes and to the personal development of those qualities that are biblically termed the ‘fruit of the spirit’ – love, joy, peace, patience, kindness, goodness, faithfulness, humility, and self-control

Employment

On Campus

A limited number of positions for student employment are available on campus – in recruitment, the cafeteria, maintenance services, the library, and other departments. Information about open positions is communicated with students by the Career & Calling Centre. All students who work on campus are automatically part of the Heart at Work program. This program seeks to develop and prepare students for work outside Heritage and provides them with an official transcript detailing and evaluating their work and skills each semester.

Off Campus

There are a wide variety of employment opportunities in nearby hotels, restaurants, and retail outlets. Ministry related job opportunities are posted on a bulletin board in the Heritage Academic Building. You will also be able to find a variety of Christian job postings on our online job board, www.christianjobsearch.net, and view open positions at Heritage on the Heritage website under “Jobs”. Students who need assistance with finding a job are encouraged to visit the Career & Calling Centre.

Student Leadership

The Institutional Student Council is composed of students enrolled in an academic program in the College or Seminary. The Student Council is made up of the Executive Committee and various committee chairs who are elected each spring along with representatives of various interest groups. The Student Council Constitution governs the activities of these groups. Clubs and specialized sports teams are formed annually based upon student interest. Committees seek the input and involvement of new students each year. Generally, one has opportunities to become involved with: Athletics, Yearbook, The Bean, Social Events, Missions and Outreach, the Arts, and other committees.

Spiritual Life and Service

Chapel

Chapel is at the centre of the spiritual life of Heritage. Two times each week, the community gathers for worship. Services may involve guest speakers, worship bands, sharing times, musical offerings, and prayer. Students and faculty are involved in the planning and presentation of chapels.

Chapel attendance is expected and participation is monitored by self-report on a monthly basis. Details are available in the Student Handbook.

Local Church Commitment

Students are expected to be faithful in regular church attendance. Students have the opportunity to develop healthy relationships with the local churches in which they fulfill their general ministry placement requirements.

Ministries

In addition to Field Education, there are frequent opportunities to serve Christ through student groups and off-campus ministry organizations. Student-led times of worship or prayer are held at various times throughout the term.

Prayer

There are numerous opportunities to participate in prayer groups, which form during the course of the year according to student interest and need. There is a room at the back of the chapel that has been created and dedicated for use for prayer in groups or for individuals.

Small Groups

Each residence student is a part of a small group that meets together weekly with other students who live in their apartment. Special interest groups for missions and other ministry opportunities often are developed throughout the school year.

Special Events

During the year, Heritage plans special activities such as Spiritual Emphasis Days, Outreach Emphasis Days, Arts Week, and Missions Conference. Classes may be cancelled or shortened for these days in order to permit everyone to attend.

STUDENT SERVICES

The Student Learning Centre

The Student Learning Centre, located in the lower level of the Academic Building, is a bright common space available for study groups, tutorial workshops, and one-on-one tutoring sessions. Services offered by the Student Learning Centre include time management, organization, research and writing assistance, and proof-reading. The Student Learning Centre operates as an extension of the library.

Counselling and Academic Support

The mission of Counselling and Academic Support Services is to assist students to define and accomplish personal, academic, and vocational goals. Help is provided through onsite biblical counsellors, in addition to the Student Services Department, faculty members, or through referral to outside services.

Personal Counselling: Personal Counselling is available through Student Services in areas of personal concerns, educational challenges, interpersonal relationships, career development, vocational choice, crisis intervention, and family and social problems. Group sessions are available as needed.

Faculty Advisors: Students are assigned Faculty Advisors to assist regarding specific academic problems such as choosing courses and workload. The Registrar's office will assist with respect to registration, transfers to and from other educational institutions, and other related issues. To find out who your Faculty Advisor is, students are encouraged to visit myHeritage.

Career Counselling: Career Counselling is available through the Career and Calling Centre. See below for more information.

Library

The mission of the Heritage Library is to support the educational goals of the institution by providing an ever-expanding, diverse catalogue of scholarly resources and facilities conducive to study and research for students, faculty, alumni, and community users.

The Library occupies 6,000 square feet on the lower level of the Academic Building. It is open approximately 70 hours each week from September to April, with reduced hours in the Summer. Library facilities include study carrels, worktables, a reference room, a periodical room, reading areas with leather couches, and a study room.

The Library's collection includes books, periodicals, audio-visual materials, and musical scores. The core collection contains over 35,000 books, including the Heritage Special Collection and Bunyan Special Collection. In addition to over 30 current hard copy journal subscriptions, Heritage faculty and students have access to online databases containing a variety of eBooks and academic articles.

Bookstore

Course textbooks are available for purchase at the Heritage Bookstore located on the lower level of the Academic Building. The Bookstore is open during orientation week and at posted key times during the first three or four weeks of each term. The bookstore hours and textbook lists are

published to the website for students to view. The textbook list is available online at least 4 weeks prior to the start of the semester. Please note: The cost of textbooks is *not* included in tuition. The online myHeritage bookstore is always available for online purchases for textbooks and other merchandise.

The Career & Calling Centre

The Career & Calling Centre is located in the Heritage Community Centre and is available for students to drop in or book appointments on Tuesdays and Thursdays. The mission of the centre is to help students uncover God's calling on their lives and give them practical tools to follow his leading. Services offered by the Career & Calling Centre include career and calling guidance and exploration, as well as practical help with job searching, cover letters, resumes, and interviews.

The Student Centre and The Bean Café

Located in the Heritage Community Centre, our student centre is a comfortable space for meeting or studying together. There are tables with chairs or booth seating, comfortable couches, pool and ping pong tables, and a TV area with a cozy fireplace. The Bean Café is also located in the student centre; it is open during the week and offers coffee and hand-crafted espresso drinks.

Food Services

Heritage provides meals through an on-campus cafeteria. Residence students purchase a declining balance meal plan each term and select from a variety of foods and snacks. The cafeteria operates during regular class weeks in the fall and winter terms. Off-campus students also have the opportunity to purchase a declining balance meal plan if they desire. In the immediate area surrounding the Heritage campus are a grocery store, a drugstore, fast food options, and a bank.

Housing

On Campus

Heritage has two residence buildings; one residence is designed for men, and the other for women. Residence application packages are available online and, when completed, will be accepted on a first-come/first-served basis. Preference is given to full-time students (9 or more credit hours per term). After July 1, consideration will be given to applications from part-time students if possible.

The residences are built in an apartment style. Up to five students may share a three-bedroom apartment. Each student receives a bed, drawer and closet space, and a private desk. There is a common kitchen/dining area with room for a couch and other items. The washrooms are designed to accommodate multiple users with a separate toilet, shower room, and stand alone sink/grooming area. Each apartment also is equipped with a stove, fridge, and kitchen table and chairs.

Being in residence is a special part of College life and is usually a highlight of the Heritage experience. Heritage works hard to help students grow in their study habits, spiritual maturity, and social lives, and Heritage follows what it believes to be biblical principles of how to live together and interact with one another. The Heritage Residence Handbook contains our policies and procedures and we ask all residence students to agree to these before accommodation is confirmed. Student leaders known as Residence Assistants work with a married couple, who live on campus as Residence Directors.

The Heritage Residence Handbook details all the policies related to living in residence. This can be found on our website.

Off Campus

Students wishing to rent a room or an apartment off campus should consult our off-campus housing list, which is made available to new and prospective students prior to the start of each term. Contact Student Services to view our off-campus housing list.

Transportation

The campus is conveniently located on several main bus routes. Free parking is available on campus for students and visitors.

ACADEMIC INFORMATION

This catalogue is not to be construed as a contract. The College reserves the right to change fees, add or delete courses, revise academic programs, or alter regulations or requirements as deemed necessary. For the most up to date college catalogue, please visit our website.

Admissions

Application Procedure

Please visit our website (discoverheritage.ca) to apply. Applications are considered by the admissions committee once all required documentation has been received. Conditional acceptance may be granted based on an interim transcript if necessary. Accepted students may choose to defer their acceptance for up to one calendar year. After one year, deferred students must complete a new, full application.

Requirements for Admission

General Requirements

All who apply for admission to Heritage must be Christians who desire further training for life and ministry. Admission to Heritage is not limited by ethnicity or national origin.

Admission into a Certificate Program

Certificate program applicants from Ontario must have completed an Ontario Secondary School Diploma with a minimum average of 65% overall, six Grade 12 courses at the U, M, or C level – one of which must be English (with a 60% or above). Courses completed at the “E” (or, workplace) level, and co-op courses, will not be considered in the calculation of the average.

Admission into a Degree Program

Degree program applicants from Ontario must have:

- Completed an Ontario Secondary School Diploma with a minimum average of 65%,
- Six “university preparatory” Grade 12 courses; four of these must be “U” level courses and the other two must be either “U” or “M” level,
- A minimum grade of 60% in each eligible Grade 12 course, and
- One Grade 12 “U” level English with a grade of 60% or above.

It is further suggested that students have an additional Grade 12 “U” level English course and a Grade 12 “U” level History course. Ontario Academic Courses (OAC’s) or Grade 13 courses are considered equivalent to Grade 12 “U” level courses under the former Ontario Secondary School curriculum. Co-op courses will not be considered as part of the six “university preparatory” courses.

The English Placement Exam

All first-year degree students are required to write the English Placement Exam – a post-secondary entrance exam designed to assess how well high school has prepared students for the world of undergraduate education. The exam has two sections: the first section covers the basic elements of English grammar and usage. In the second section, students are asked a question and are required to respond with a short essay. All degree students who do not pass the grammar portion of the exam must enroll in English Grammar I in their first fall term. Degree students who do not pass the essay portion of the exam must enroll in the English Composition-Essay Writing course in their first winter term.

Students desiring to prepare in advance for the English Placement Exam may request the document, “Preparing for the English Placement Exam,” from Admissions.

Probationary Admission

Students who have an Ontario Secondary School Diploma but do not meet the degree program requirements may enter the Certificate of Christian Studies–Track to Degree program as a probationary year. For degree entrance, students must complete at least 21 credit hours and meet the following criteria:

- Successfully complete the English Grammar I and English Composition-Essay Writing courses,
- Achieve a minimum AGPA of 2.00, and

Music Program Admission

Each applicant to the music program is required to pass an audition before his or her application can be submitted to the Admissions Committee for final approval. See additional details in the music program descriptions.

Admission into the Associate of Arts Diploma and Academic Transfer Certificate Programs

Applicants to the Associate of Arts Diploma or the Academic Transfer Certificate program must have:

- Completed an Ontario Secondary School Diploma with a minimum average of 65%,
- Six “university preparatory” Grade 12 courses; four of these must be “U” level courses and the other two must be either “U” or “M” level,
- A minimum grade of 60% in each eligible Grade 12 course, and
- One Grade 12 “U” level English with a grade of 60% or above.

Admission Requirements for Canadian Students from Provinces Outside Ontario

Students from the following provinces and territories must have a Grade 12 Diploma with requisite courses for university entrance:

- Alberta
- British Columbia
- Manitoba
- New Brunswick
- Newfoundland
- Northwest Territories
- Nova Scotia
- Nunavut
- Prince Edward Island
- Saskatchewan
- Yukon

Students from Quebec must have one-year CEGEP, a McGill Senior School Certificate, or a Senior High School Leaving Certificate.

Admission Requirements for Home-Schooled Students

Applicants who are homeschooled must write an SAT. Heritage requires an SAT score of 950 out of 1600 or 1420 out of 2400 for entrance to a degree. Applicants who have scored below 950 of 1420 may be considered on a case-by-case basis for admission to a certificate.

Admission Requirements for Mature Students

Applicants who are 21 years of age or older and who have not earned a Grade 12 Diploma (an OSSD) may apply for admission as mature students. Applicants must submit an SAT score of 950 out of 1600 or 1420 out of 2400 for entrance to a degree. Applicants who have scored below 950 of 1420 may be considered on a case-by-case basis for admission to a certificate.

Applicants who are 21 years of age or older and who *have* earned a Grade 12 Diploma (an OSSD) but *do not meet* the qualifications for a degree program may apply for admission as mature students. After a review by the admissions committee, applicants may be conditionally accepted for one year; academic performance will be assessed after two terms. Only a limited number of mature students can be accepted each year.

Admission Requirements for International Students

Students from the United States of America

Applicants from Grade 12 in the U.S.A are assessed individually. Generally, students with a majority of courses taken at a college entrance level are granted university entrance status. Students should supply official SAT scores if available. American students must have a valid study permit that can be obtained at a port of entry or at the nearest Canadian Consulate. A student will need an acceptance letter, evidence of sufficient funds/financial support, and health insurance to obtain a study permit. This permit must be presented prior to enrollment.

Students from All Other Countries

Transcripts

Students are advised to apply at least nine months before their planned enrollment date to allow time for processing, acquiring permits and visas, etc. Students are admitted based on graduation from a recognized high school. It is the applicant's responsibility to provide documentation that verifies the level of their high school training. Applicants must submit transcripts from all previous educational experiences. Transcripts that are not written in English must be translated in full and notarized by an official translating company. International applicants must also provide a credential evaluation report from [World Educational Services \(WES\) Canada](#). Applicants must request a "WES ICAP Course-by-Course Evaluation Report" and choose Heritage College and Seminary as the recipient. When your evaluation report is complete, WES will send your evaluation report along with a copy of your transcripts directly to Heritage. The official transcripts that Heritage receives from WES must match any transcripts provided by the applicant. Discrepancies between the official transcripts provided by WES and the transcripts provided by the applicant may affect the applicant's eligibility to be enrolled at Heritage.

English Language Requirements

Proof of English Language proficiency is normally required from all international students with the exception of citizens from Australia, New Zealand, United Kingdom, and countries of the West Indies (except Cuba, Dominican Republic, Haiti, Martinique, Netherlands Antilles, Puerto Rico, and St. Lucia). Heritage accepts the following language proficiency tests:

1. Test of English as a Foreign Language (TOEFL)

Students must achieve a minimum score of 80 on the TOEFL iBT, and a minimum score of 20 on each of the four sections. Tests can be booked at <https://www.ets.org/toefl/test-takers/>. Heritage's institutional code is: 1498.

2. International English Language Testing System (IELTS)

Students must achieve a minimum overall band score of 6.0 (6.0 in each band) on the IELTS Academic. Tests can be booked at <https://www.ielts.org/for-test-takers/book-a-test>.

3. The Canadian English Language Proficiency Index Program (CELPIP)

Students must achieve a minimum level of 7 on the CELPIP-General. Tests can be booked at <https://www.celpip.ca/>

Other testing options may be available. Please contact Admissions to find out more about our other options for acceptable English language tests. English language test results must be sent directly to Heritage from the testing agency. Test results provided by the student will not be accepted. If you are currently living abroad, please visit the testing company's official website to find your closest testing location.

Study Permit and Visa

International students must obtain a valid study permit, and in some cases a visa, to study in Canada. To obtain a permit and, if necessary, a visa, international students must apply through Canadian Immigration officials in their home country or online at the Government of Canada's official website. Students cannot begin their studies until the necessary immigration documents have been approved. To obtain more information on Canadian Immigration policies and procedures, see the Canadian government website at <https://www.canada.ca/en/immigration-refugees-citizenship/services/study-canada.html>.

You will find a list of embassies and consulates in Ontario, listed by country name, here: <https://www.ontario.ca/page/consular-offices>.

Please note: Heritage College & Seminary will not, under any circumstances, retain or withhold a student's passport or visa documentation.

The main point of contact for all international students at Heritage College & Seminary is the Registrar; you may email directly, phone, or visit the Registrar in the Academic Building as needed. For academic supports including counselling, International Students should consult the Student Services department, or the Registrar will be able to refer you to the right department and procedure.

It is strongly recommended that all applicants have a local support network (welcoming church, local agency, relatives, or other significant persons). This will contribute to the strength of an application.

Health Insurance for International Students

Once an international student has been accepted, received his or her study permit and/or visa, and has enrolled in courses, Heritage will purchase extended health insurance for the student. The student will then be billed directly by Heritage for the cost of the health insurance.

Admission Requirements for Transfer Students

Heritage will consider the transfer of a limited number of equivalent courses from approved institutions if the grade received for the courses is a C or above. Applicants from other post-secondary institutions must have received an honorable dismissal from each institution attended. Heritage must receive an official transcript from each school. All transfer credit is subject to the discretion of the Registrar and Academic Dean. Please note that the awarding of transfer credits may be placed in the category of provisional if the entering student does not have good or outstanding grades (i.e., if the majority of the grades being transferred were in the "C" range, rather than the "B" to "A" range). To graduate from Heritage, transfer students must complete a minimum of 30 credit hours at Heritage.

Prior Learning Assessment and Advanced Standing Credit

Students who have completed non-traditional training, or a certificate, diploma or degree from an unaccredited school, may be eligible for credit as "advanced standing". The Registrar will complete a Prior Learning Assessment of an official transcript or letter of recommendation and may make a recommendation to the Academic Dean for advanced standing credits to be awarded. The overall amount of work will be considered, rather than a course-by-course transfer of credit, and certain courses may be waived because of prior unaccredited learning. Other than traditional learning, certain types of other experience-based learning may be considered. Contact the Registrar's Office to learn about the types of experiences that may be considered as well as what needs to be included in a letter of recommendation for consideration.

In general, when assessing the status of students from unaccredited institutions, Heritage ascribes to the policy of the Association for Biblical Higher Education (ABHE). In terms of current practices, Heritage applies the following methods for evaluating and validating credits earned at unaccredited institution.

Students applying from an institution with which Heritage has historic experience are assessed by how other students from the same institution have done at Heritage, and by precedents related to the percentage of transfer credits awarded. All transfer credit assessments are done on a case-by-case basis and do not constitute guarantees or formal agreements with the other institution.

Students applying from an institution with which Heritage has no previous experience are required to submit the following in addition to an official transcript:

1. Course syllabi
2. Faculty credentials
3. Institutional grading scale and criteria

Academic Policies

Grading System

Letter Grades

Heritage issues both a letter and a numerical grade for each course. The following should be viewed as the standard for letter grade determination at Heritage.

A This grade represents an honours-level outstanding academic achievement on the part of the student. It indicates consistency of excellence for work in the given course and reflects the student's ability for independent work, thoroughness, creative and effective use of knowledge, and the ability to view the subject matter with discernment.

B This grade represents academic achievement that is above the accepted standard. Reception of this grade points to serious work habits, the ability to understand, evaluate, and retain the subject matter, the ability to apply the knowledge gained to different situations, and above average initiative.

C This grade represents a satisfactory degree of academic achievement. A "C" is the acceptable standard for graduating with a degree from Heritage. It demonstrates the student is familiar with and understands the course content, has adequately completed assignments, and has been involved in class discussions.

D This grade represents an inadequate level of academic achievement. It is not transferable to other institutions and, as an accumulated grade point average, is inadequate for graduation from a degree program. This grade shows the student's work has met only the very minimal standards of the course. A student receiving this grade may retake the course for the purpose of grade improvement.

F This grade represents an unacceptable level of work. The student has not met the minimal requirements and standards of the course. A student receiving this grade may retake the course for the purpose of grade improvement.

Grade Points

Each letter grade has a certain quality point value employed for determining the student's grade point average. For example, an "A" equals 4 quality points for each credit hour of the course. Thus, a student achieving an "A" in a 3-hour course has earned 12 grade points.

Grade	Letter	Quality Points
95-100	A+	4.0
86-94	A	4.0
80-85	A-	3.7
77-79	B+	3.3
73-76	B	3.0
70-72	B-	2.7
67-69	C+	2.3
63-66	C	2.0
60-62	C-	1.7
57-59	D+	1.0
53-56	D	1.0
50-52	D-	1.0
0-49	F	0.0
	W	0 = Withdrew

Average

A student's grade point average (GPA) is determined by dividing the total number of grade points achieved by the total number of credit hours completed (regardless of grade). A student's GPA is derived only from courses taken at Heritage. The following chart illustrates the process.

Course	Grade	Quality Points	Credit Hours	Grade Points
O.T. Studies	91 A	4	3	12
Theology I	78 B+	3.3	3	9.9
Genesis	87 A	4	3	12
Hermeneutics	75 B	3	3	9
Totals			12	42.9
			GPA	3.58

Course Cycles

Students are expected to take required courses when they are offered and to follow the advice of their Faculty Advisors with respect to course loads, cycles, and sequence. Failure to do so may result in the student being unable to complete his or her program on schedule.

Course Extensions

Extra time to complete course requirements may be available in the form of course extensions. A course extension is only granted in the case of extenuating circumstances. Extenuating circumstances are defined as significant, unusual and unpredictable circumstances (i.e., medical, personal or family crisis). To request a course extension, students must first fill out a course extension request form. This form must be obtained from the Registrar's Office. The submission of a request for an extension does not guarantee the provision of an extension. A request for an extension must be submitted to the Registrar's Office before the last week of the term or course. Administrative fees may apply. No extensions may be granted which would involve a due date more than four months later than the end of the current term.

Course Withdrawals

A student should not withdraw from a course without seeking counsel from his or her Faculty Advisor. To officially withdraw from any course, a student must complete a course change form, available from the Registrar's Office. Students who fail to complete this form will receive an "F" in the course.

Once a student withdraws from a course, the student's grade will be determined as follows:

- Withdrawal in weeks 1 to 3 of the term = No record is kept
- Withdrawal in weeks 4 to 7 = "W" recorded
- Withdrawal after the end of the 7th week of the term = Fail

Grade Appeals

Students may appeal a course grade up to 10 business days after it has been assigned. A student may appeal if they believe an error has been made in the numerical grade granted (for example: a typo, a calculation mistake, or a missing assignment grade that he or she knows was handed in). To make an appeal, the student should send an email directly to the professor explaining how he or she believes the error was made and copy the Registrar (for tracking purposes).

Course Loads

The curriculum of Heritage is designed to be completed in the number of years prescribed for each program. The course loads are calculated for full-time students who do not find it necessary to maintain employment. A student who finds employment necessary should consider carrying a lighter course load and be prepared to extend his or her program over a longer period of time. Generally, each course requires two hours work outside the classroom for each hour in the classroom. (For example, a 3-credit hour course meets for 3 hours per week and thus requires approximately 6 hours of work outside the classroom.)

Interruption of Studies

Students may interrupt their studies at Heritage in good standing by informing the Registrar's Office in writing (e-mail or letter).

Return to Studies

To resume studies, a student should request permission from the Registrar via a Return to Studies form.

A student who has not taken courses for five consecutive terms is required to submit a completed Return to Studies form and may be required to submit a pastoral reference. A student who has not taken courses for six consecutive terms or more must submit the following:

- Completed Return to Studies form,
- One pastoral reference,
- An additional reference (if required).

If the degree or certificate program the student was registered in before the student withdrew from studies has not changed in requirements, the student may re-enter and continue in the program. If the program requirements have changed, the student will be required to meet the new requirements. If the program has been discontinued, the student will be given the opportunity to choose a new program.

Discontinued Programs

Heritage is regularly re-evaluating programs to ensure they adequately prepare students for effective ministry within churches, para-church organizations, and our constantly changing society. As a result, some programs may be discontinued, and more effective programs introduced. Students entering programs will be allowed to complete the program within the prescribed time frame for the program. For example, a student entering a four-year program that is discontinued will have four years to complete the program. After that time has elapsed, students will be asked to choose a new program. While some substitutions of course requirements may be possible, Heritage does not guarantee all previously taken courses will transfer when a student changes program.

Graduation

Eligibility

To be eligible for graduation, a student must:

- Satisfactorily complete all required courses for his or her particular program.
- Achieve the required minimum accumulated grade point average (AGPA) in his or her specific program of study.
 - AGPA of 2.0 ("C") in all degree programs
 - AGPA of 1.0 in most certificate programs
 - AGPA of 2.5 in the Academic Transfer Certificate program
 - AGPA of 2.5 in the Associate of Arts Diploma program
- Satisfactorily complete the required units of Field Education for his or her program of study.
- Satisfy all financial obligations to Heritage three weeks prior to graduation.
- Complete a minimum of 30 credit hours at Heritage.
- Students who meet or anticipate meeting these requirements should complete a graduation application form by the annual deadline published by the Registrar's office each year.

Graduation Honours

Students at Heritage who have excelled academically and have maintained at least a 3.5 accumulated grade point average during their degree program may graduate with the following academic honours.

3.50 - 3.74 Cum Laude (with praise)

3.75 - 3.90 Magna Cum Laude (with high praise)

3.91 - 4.00 Summa Cum Laude (with highest praise)

Transcripts

Students may request an official or unofficial transcript of their marks to date from the Registrar's Office. Transcript request forms are available from the Registrar's Office or from the website.

The cost of transcripts is as follows: \$10.00 for the first copy and \$3.00 for each additional copy ordered at the same time. Payment for transcripts may be made by cash, debit, cheque, money order, or VISA/MasterCard. Transcript requests are not processed until payment is received.

Transcripts generally are processed within one week of the request reaching the Registrar's Office but turn-around time may be longer at certain times of the year (holidays, graduation, and registration periods). Transcripts will not be released if a student owes money on account or has overdue library books or fines. Also, if a student has admissions items outstanding in his/her file (e.g., with conditional acceptances, an official transcript or a reference may be missing at the time it is granted), a transcript will not be released.

Field Education helps students determine their interests and abilities in relation to ministry, provides them with experiences in a variety of ministry settings, develops them in the knowledge, character, and skills required for effective ministry, and motivates them to engage in a life devoted to faithful service.

Field Education is based on a mentoring relationship between a student and a mature person who invests intentionally and regularly in the life of the student. Field Education is an integral part of the Heritage experience, which equips people for life and ministry in the church and in various marketplaces of life.

INTERCULTURAL STUDIES

Certificate of Intercultural Studies – The *SERVE.experience*

Challenge and Change in Community. The *SERVE.experience* is a nine-month discipleship program designed to foster personal, spiritual, and relational growth as you learn to serve God and others in this world. The combination of academic studies, retreats, service opportunities, and cultural experiences will begin to equip you for effective cross-cultural service and a life lived on mission. You will have the opportunity to apply what is learned during a cross-cultural ministry trip to Quebec in May, following the end of the academic year.

Enrolment in the *SERVE.experience* is limited to 12 students.

Please note: Enrolment in the *SERVE.experience* also involves an additional expense of \$250 for the year. This fee covers the costs of two mandatory retreats, various cultural outings, and contributes toward the expenses of the ministry experience in Quebec. Together, we will work on raising additional funds throughout the school year.

Discipleship in the City I & II are the two foundational courses exclusively for students enrolled in the *SERVE.experience*.

Both courses are structured around three themes:

- 1) A biblical theology of evangelism and discipleship;
- 2) Self-awareness and team building;
- 3) Dynamics and ministry in urban contexts.

The *SERVE.experience* concludes with a ministry trip to Quebec and therefore the culture and language of Quebec will flavour both Discipleship in the City courses. Together with other courses in the *SERVE.experience*, Discipleship in the City will equip students with basic theology and competencies for ministry in urban environments, whether in familiar or cross-cultural contexts. (Registration is limited to *SERVE.experience* students.)

The *SERVE.experience* is a stand-alone program, but following this year of studies students can transition smoothly into either the BRE-H-ICS (see page 38) or the BTh-ICS degrees (page 39).

*NOTE: Registration in Discipleship in the City I/II is limited to *SERVE.experience* students.

Bachelor of Religious Education – Honours – Intercultural Studies

In serving the Lord and his church, awareness of culture is crucial to understanding one's self and others, and to communicating the gospel to others. The complexities of intercultural ministry require that Heritage Intercultural graduates be theologically grounded, spiritually growing, culturally sensitive, and reasonably equipped for cross-cultural work and life. The four-year BRE-Hon-ICS degree provides a solid foundation for such intercultural ministry. Graduates of this program are equipped to serve in gospel-rooted, Christ-centred, culturally-appropriate ministry, both around the world and in Canada's multicultural communities.

One difference between the BRE-Hon-ICS and BTh-ICS degrees is that the BRE-Hon offers more courses with an educational component.

Graduates of this program qualify to apply to masters' level (i.e. seminary) programs.

Note: If you are considering enrolling in this degree program, we strongly recommend that you begin your adventure at Heritage in the one-year *SERVE*.experience program (see previous page). All courses in that program transfer into the BRE-H-ICS

Bachelor of Theology – Intercultural Studies

In serving the Lord and his church, awareness of culture is crucial to understanding one's self and others, and to communicating the gospel to others. The complexities of intercultural ministry require that Heritage Intercultural graduates be theologically grounded, spiritually growing, culturally sensitive, and reasonably equipped for cross-cultural work and life. Graduates of this program are equipped to serve in gospel-rooted, Christ-centred, culturally-appropriate ministry, both around the world and in Canada's multicultural communities.

One difference between the BRE-Hon-ICS and BTh-ICS degrees is that the BTh provides the graduate with a working knowledge of biblical Hebrew and Greek, which deepens one's ability to study and teach the Bible – and translate it for a people who still lack God's Word in their heart language.

Graduates of this program qualify to apply to masters' level (i.e. seminary) programs.

Note: If you are considering enrolling in this degree program, we strongly recommend that you begin your adventure at Heritage in the one-year *SERVE. experience* program (see page 38). All courses in that program transfer into the BRE-H-ICS.

Prerequisite: LAN401 Greek Exegesis

LAN406 Reading Hebrew Prose

Particular emphasis is given to the authorship, historical situations, major contributions of each book, and the importance of each book in terms of the development of redemptive history. (REL121 is a **prerequisite** for all other Old Testament studies courses)

The course is a detailed exposition of Genesis taking special consideration of the structure of the book (based on the Toledoth's structure), as well as compositional strategy and its rich theological themes. Focused study will revolve around the book's crafted narrative technique. Lastly, attention will be given to communicating the truths of its content and message to a contemporary audience.

It will encourage and facilitate the reading, study, exegesis, and contemporary application of His life as his story is revealed in Scripture. The course offers a detailed exposition of these books with supplemental material drawn in from other biblical books where appropriate. We will consider how the story of Israel's entry into the Promised Land is arranged and told and develop the rich theological themes. We will also consider how to communicate the message of these books to a contemporary audience.

BOT252 Wisdom Literature

A prevalent, yet often neglected or misunderstood, biblical genre is Wisdom Literature. The primary wisdom books include Job, Proverbs, and Ecclesiastes, whereas the secondary wisdom books include Psalms and the Song of Songs. Together, these books provide a tremendous resource for Christian living, as well as a wonderful portrayal of Jesus Christ in whom are “hidden all the treasures of wisdom” (Col. 2:3). These books confront us with what is real and true in contrast to what is transitory, while compelling us to make choices concerning our world and our conduct. By means of this course students will acquire a better understanding of this important body of biblical literature.

Intercultural Studies

ICS161 / ICS62 Discipleship in the City I and II

Discipleship in the City I and II are the two foundational courses exclusively for students enrolled in the *SERVE.experience*. Both courses are structured around three themes: 1) a biblical theology of evangelism-discipleship; 2) self-awareness and team building; 3) dynamics and ministry in urban contexts. The *SERVE.experience* concludes with a ministry trip to Quebec and therefore the culture and language of Quebec will flavour the Discipleship in the City courses. Together with other courses in the *SERVE.experience*, Discipleship in the City will enable students to develop competencies for ministry in urban environments, whether in familiar or cross-cultural contexts. (Registration for ICS161/162 is limited to *SERVE.experience* students.)

ICS201 Perspectives on the World Christian Movement

This dynamic 14-week discipleship course is taught by a variety of veteran missionaries, influential strategists, and professors. Students examine what God is doing around the world and explore the following topics:

- God's unchanging purpose as revealed in the Bible,
- The unlikely people and surprising events God has used to spread the Gospel throughout history,
- The keys for communicating the gospel to people with different worldviews and cultures,
- "Unreached people groups" and their role in the completion of God's eternal purpose.

Prerequisite: ICS251/REL251 Intro to Missiology OR permission from the Director of Intercultural Studies.

ICS251 / REL251 Intro to Missiology

Not everyone will be an overseas missionary, but all Christians ought to have a level of understanding and engagement in God's purposes for the world. In this class, you will be introduced to the world of Christian mission including its biblical foundation, aspects of its history, and the role of the local church. You will be exposed to global issues and needs as well as to people whose lives are shaped by either the lack of access to the gospel or by having accepted the gospel. In response, you will be challenged regarding the role you can play in this mission as a sent one yourself or as a member of a local, sending church – God's kingdom community. **(For ICS students, this course is a prerequisite for all other ICS courses.)**

ICS252 Principles and Dynamics of Missionary Ministry

If you believe that the Lord is leading you into some kind of cross-cultural ministry you will need to understand the principles that are foundational to a fruitful ministry in the midst of challenging dynamics. These principles include God's nature and kingdom, your personal gifting enablement and spirituality, and those related to church planting and holistic ministry. The dynamics include secular and religious issues, culture shock and stress, and your relationships with your family, co-workers, local churches, and mission agency. **Prerequisite:** ICS251 / REL251 Introduction to Missiology.

ICS301 / REL301 World Religions

Understanding what are called "World Religions" is not an issue for global travelers alone, but for anyone who wants to have gospel conversations with new neighbours. This course is an introductory survey of the major religious systems in the world. We begin by introducing a biblical theology of religion, and then consider each system's historical roots, underlying worldview, beliefs and practices, and barriers and bridges for the communication of the gospel of Christ. Through of all this we want to grow, in order that we might understand and relate better to those who believe differently than we do.

ICS311 Mission to Children

Do you want children today to understand the gospel of Jesus? In the 21st century, the children of the West are growing up in a post-Christian era; our broader culture has lost the Christian metanarrative. Many children around the world have never known the Christian metanarrative. Today's children are not familiar with even the most well-known Bible stories. In addition, children both in North America and around the world are threatened by significant issues such as poverty, war, illness, slavery, sex trafficking, breakdown of families, reliance on technology, and bullying. This course will encourage the student to see children as a group desperately needing the gospel of Jesus, help them to communicate the gospel to children who know nothing-to-little about the Bible, and equip them to minister to children in the context of their culture.

ICS315 Islam: Faith and Culture

This course seeks to introduce the major religious and cultural dimensions of the Islamic world, both those that express its diversity and those that express its continuity. No previous work is presupposed. Emphasis will be given to the development of classical Islamic institutions and ideas as well as the diverse forms of Islamic religious and cultural life.

The course has three major purposes:

- To provide students with a better and deeper understanding of the importance of the Islamic past upon the Islamic world today,
- To reveal contemporary Muslims' own self-understanding of their system(s) of religious faith and practices,
- To develop tools for dialogue and faith communication with Muslims.

While it is not a history course, anyone taking it should come away with a basic grasp of the larger historical framework within which Islamic civilization has developed. Moreover, students will learn from Canadian Muslims themselves what it means to be a religious Muslim.

ICS331 Urbana Experience

The Urbana Students Missions Conference is a triennial conference attended by more than 10,000 young adults who are seeking God's leading regarding their engagement in His mission. The Urbana Experience course is a personalized learning opportunity rooted in your interaction with concepts and materials presented at the Urbana Conference in its plenary sessions, study tracks, and seminars. Individual conversations with Heritage's Director of Intercultural Studies and class meetings with other conference attendees both before and after the conference will create the framework for your personalized learning. Reading and research will expand your knowledge. Finally, personal reflection on both the reading and the conference will help to synthesize all that you have learned and get a sense of how God is leading you into the future. (Note: This course is only available in the years when the Urbana conference happens and is available only to those who go to the conference.)

ICS351 Intercultural Communication

+k XV9%4p~a . Dios te bendiga. Characters can have no meaning, meaning to some people, or meaning to you. The same is true of tone, posture, mannerisms, context and lifestyle, etc. Do you prefer two hours of uninterrupted lecture, group interaction, or one-to-one mentoring? These principles of communication theory shape the way we both learn from and communicate to others. Understanding these principles is crucial whether you plan to communicate to different generations or ethnic groups within a Canadian community or to people within a culture on the other side of the planet. Our goal is to see these people begin a journey of life transformation resulting from their understanding and acceptance of God's message of judgment and grace.

ICS400 Reaching the World: Local, National, & Global Evangelism

In this course, we will joyfully focus on the Acts 1:8, "You will be my witnesses both in Jerusalem, in all Judea and Samaria, and even to the remotest part of the earth." Beginning with a biblical foundation, students will grow through personal testimony, discussions on evangelism, and involvement in local church and community outreach. National and global outreach strategies will be taught and modeled by respected Christians leaders from Canada and around the world . The goal of the course is to help you develop as a Christian who can influence your church, community, and country for Christ.

ICS401 Women Reaching the World: Local, National, & Global Evangelism

In this course, we will joyfully focus on the Acts 1:8, "You will be my witnesses both in Jerusalem, in all Judea and Samaria, and even to the remotest part of the earth." Beginning with a Biblical foundation, students will grow through personal testimony, discussions on evangelism, and involvement in local church and community outreach. National and global outreach strategies will be taught and modeled by local, national, and globally involved women. Each student will summarize her personal outreach involvement and plan to equip others. Grow as a woman who influences a church, community, or a country around the globe.

ICS402 Global Issues and the Gospel

Is "the gospel" merely about the forgiveness of sins and going to heaven? Or does the story of the life, death, and resurrection of Jesus Christ also have something to say to the world today? In this course, global issues – globalization, urbanization, poverty, human trafficking, religious extremism, pluralism, etc. – will be discussed with the goal to understanding firstly, their complexities and interconnectedness, and then secondly, how the gospel of Christ the King is the answer to those issues and how the church of Christ (as the Kingdom community) can engage in them. Throughout the term, guest lecturers will add to the depth at which some issues will be understood and discussed.

LAN403 Teaching English to Speakers of Other Languages

Canada continues to welcome many newcomers and for them to adjust and flourish requires increasing proficiency in understanding and speaking English. Topics of instruction include understanding the new English-learner, basic principles of teaching phonetics (pronunciation) and grammar (structure), lesson planning, and creative teaching methods. Weekly classes are supplemented by mandatory practicum times of teaching conversational English to newcomers to our community. (This course allows the student to discern if TESOL Canada certification will be pursued)

MAT211 Intro to Business

The world today is filled with a wide array of businesses and business opportunities. But these skills are not just for the business community, they also have a strong application when it comes to leading, organizing or managing the local church. Healthy churches have certain spiritual qualities but their leaders and staff possess leadership, financial management and organization skills. Separating secular business principles from the spiritual aspects of a church can lead to ineffectiveness when it comes to the church fulfilling the mission that Jesus has given them. This course will provide relevant and up-to-date business principles and practices that are useful whether you are in business or part of a church staff or board. These principles and practices also have personal application and will be part of the material covered.
